## [Furry Winters](#)

November 30th, 2009

My fellow blogger [Vanessa](#) from the [V-Style](#) has posted a great piece about fur on her blog. Just like Vanessa, I am a big fur lover I couldn't agree more with Vanessa who wrote that fur is a fantastic part of fall and winter dressing!!! Just look at the photos of Sarah Jessica Parker in the winter scenes, Vanessa posted on her [blog](#) – she looks fantastic! And let's face it, what would winter be without a fur coat? There is nothing better to keep you warm in those cold winter days!

When people ask me what my favourite thing about winter is, I always answer snowboarding and my fur coat! What's your favourite thing about winter?

I love watching The Hills and I have to admit it's mainly because of all the great fashion going on there! The girls are beautiful, have great style and amazing clothes!

And Kristin Cavallari definitely knows how to wear her fur! The combination of a simple white t-shirt and jeans with black fur vest and black sunglasses is absolutely hot!!! I can't wait till it gets warm here again so I can copy her look! But for now, I'm gonna stick to my warm fur coat and hat 😊

## **[How to wear fur to look amazing this season!](#)**

October 30th, 2009

---

This week, Examiner has posted General Guidelines to Wearing Fur! What a great idea! There are so many people out there that have beautiful fur pieces but have no idea how to wear them! Below 5 tips on how to wear your fur garments to look great this season:

1. Keep it simple and do not wear more than one piece of fur at a time!
2. Don't forget your accessories: try some furry boots, furry purse or a furry headband!

3. Stay neutral – neutral colors compliment fur best. Think of shades of brown, black and white!  
But don't be afraid to add some silver, gold or metallic tones to your look, it will make you look less one-dimensional!

4. Belt it out – adding a belt to your outerwear can help add a lot of shape and style to your outfit.

5. Layer, layer, layer – make sure to layer appropriately when wearing fur to avoid overheating!
